1 **SEC. 105. REVISIONS TO THE CAPS FOR ENTITLEMENTS**
2 **AND OTHER MANDATORY SPENDING.**

3 REVISIONS TO DIRECT SPENDING CAPS

4 (a) AUTOMATIC ADJUSTMENTS TO CAPS FOR ENTI-
5 TLEMENTS AND OTHER MANDATORY SPENDING.—When
6 the President submits the budget under section 1105(a)

15 concepts and definitions shall equal the baseline lev-

17 date concepts and definitions minus those levels
18 using the concepts and definitions in effect before
19 such changes. Such changes in concepts and defini-
20 tions may only be made in consultation with the

9 section 104 (Economic Assumptions) of this Act. In-

15 changes in the consumer price index for all urban
16 consumers for medical care components (CPI–U
17 medical care); and for all other programs, inflation
18 shall be measured by changes in the consumer price
19 index for all urban consumers (CPI–U). The base-
20 line and the direct spending caps shall be adjusted
21 to reflect those changes.

22 (4) CHANGES IN UNEMPLOYMENT AND INTER-
23 EST RATES.—For direct spending caps, OMB shall
24 make adjustments in new budget authority and out-
25 lays for changes in actual unemployment and inter-

2 shall equal the ratio between the level of year-over
3 unemployment measured for the fiscal year most re-
4 cently completed and the applicable estimated level
5 for that year set forth in the table at section 104
6 (Economic Assumptions) of this Act. The adjust-
7 ment factor for inflation shall equal the level of year-
8 over-year inflation measured for the fiscal year most
9 recently completed and the applicable estimated level
10 for that year set forth in the table at section 104
11 (Economic Assumptions) of this act. The baseline
12 and the direct spending caps shall be adjusted to re-
13 flect those changes.

14 (5) CHANGES IN ELIGIBLE POPULATIONS.—For
15 direct spending caps, OMB shall make adjustments
16 in new budget authority and outlays for changes in
17 the number of eligible beneficiaries (the eligible pop-

19 pared to the number projected to be eligible in the
20 calculation of CBO's Estimates of the President's
21 Budgetary Proposals contained in The Economic
22 and Budget Outlook: Fiscal Years 1997–2006. The
23 baseline and the direct spending caps shall be ad-
24 justed to reflect those changes.

1 (6) INTRA-BUDGETARY PAYMENTS.—From dis-
 2 cretionary accounts to mandatory accounts. The
 3 baseline and the discretionary spending caps shall be
 4 adjusted to reflect those changes.

5 (b) PERMISSIBLE REVISIONS TO DIRECT SPENDING
 6 CAPS.—Direct spending caps as enacted pursuant to sec-

2 accordance with section 105 of this Act.

3 (b) For all direct spending programs (except matters
4 exempted under section 204, and programs subject to spe-
5 cial rules set forth under section 205, of this Act), not-
6 withstanding any other provisions of law, any sequestra-
7 tion required under this Act shall reduce benefit levels by
8 an amount sufficient to eliminate all excess spending iden-
9 tified in the report issued pursuant to section 202, while
10 maintaining the same uniform percentage reduction in the
11 monetary value of benefits subject to reduction under this
12 subsection.

13 (c) GENERAL RULES.—For programs subject to di-
14 rect spending caps—

15 (1) sequestration is triggered if total direct
16 spending subject to the caps exceeds or is projected
17 to exceed by more than 1 percent in any year the
18 aggregate cap for direct spending for the current or
19 immediately preceding fiscal year; or

20 (2) sequestration shall reduce spending under
21 each separate direct spending cap in proportion to
22 the amounts each category of direct spending con-
23 tributes or contributed to the overage.

24 (3) UNIFORM PERCENTAGES.—In calculating
25 the uniform percentage applicable to the sequestra-

tion of all spending programs or activities within each category, or the uniform percentage applicable to the sequestration of nonexempt direct spending programs or activities with each category, the sequestrable base for direct spending programs and activities is the total level of outlays for the fiscal year for those programs or activities in that category each current law baseline.

(4) PERMANENT SEQUESTRATION OF DIRECT SPENDING.—Obligations in sequestered direct spending accounts shall be reduced in the fiscal year in which a sequestration occurs and in all succeeding fiscal years. Notwithstanding any other provision of this section, after the first direct spending sequestration, any later sequestration shall reduce direct spending by an amount in addition to, rather than in lieu of, the reduction in direct spending in place under the existing sequestration or sequestrations.

(5) For any direct spending program in which—

(A) outlays pay for entitlement benefits,

(B) a current-year sequestration takes effect after the first day of the budget year, and

1 (C) that delay reduces the amount of enti-
2 tlement authority that is subject to sequestra-
3 tion in the budget.

4 The uniform percentage otherwise applicable to the
5 budget-year sequestration of a program or activity is
6 increased due to the delay, then it shall revert to the
7 uniform percentage calculated under paragraph (3)
8 when the budget year is completed.

9 (6) INDEXED BENEFIT PAYMENTS.—If, under
10 any entitlement program—

11 (A) benefit payments are made to persons
12 or governments more frequently than once a
13 year, and

14 (B) the amount of entitlement authority is
15 periodically adjusted under existing law to re-
16 flect changes in a price index (commonly called
17 “cost of living adjustments”).

18 Sequestration shall first be applied to the cost of liv-
19 ing adjustment before reductions are made to the
20 base benefit. For the first fiscal year to which a se-
21 questration order applies, the benefit payment re-
22 ductions in such programs accomplished by the
23 order shall take effect starting with the payment
24 made at the beginning of January following a final
25 sequester order. For the purposes of this subsection

1 Veterans Compensation shall be considered a pro-
2 gram that meets the conditions of the preceding sen-
3 tence.

4 (7) LOAN PROGRAMS.—For all loans made, ex-
5 tended or otherwise modified on or after the date of
6 sequestration, under loan programs subject to direct
7 spending caps—

8 (A) the sequestrable base shall be total
9 fees associated with all loans made extended or
10 otherwise modified on or after the date of se-
11 questration; and

12 (B) the fees paid by borrowers shall be in-
13 creased by a uniform percentage sufficient to
14 produce the dollar savings in such loan pro-
15 grams for the fiscal year or years of the seques-
16 trations required by this section. Notwithstand-
17 ing any other provision of law, in any year in
18 which a sequester is in effect, all subsequent
19 fees shall be increased by the uniform percent-
20 age and all proceeds from such fees shall be
21 paid into the general fund of the Treasury.

22 (8) INSURANCE PROGRAMS.—Any sequestration
23 in a Federal program that sells insurance contracts
24 to the public (including the Federal Crop Insurance
25 fund, the National Insurance Development fund, the

1 National Flood Insurance fund, insurance activities
2 of the Overseas Private Insurance Corporation, and
3 Veterans' Life insurance programs)—

4 (A) the sequestrable base shall be all fees
5 associated with all contracts executed, extended
6 or otherwise modified on or after the date se-
7 questration takes effect; and

8 (B) shall be accomplished by increasing
9 premiums on contracts entered into extended or
10 otherwise modified, after the date a sequestra-
11 tion order takes effect by a uniform sequestra-
12 tion percentage sufficient to produce the dollar
13 savings in such programs required by the se-
14 questration.

15 Notwithstanding any other provision of law, for any
16 year in which a sequester affecting such programs is
17 in effect, subsequent premiums shall be increased by
18 the uniform percentage and all proceeds from the
19 premium increase shall be paid from the insurance
20 fund or account to the general fund of the Treasury.

21 (9) STATE GRANT FORMULAS.—For all State
22 grant programs subject to direct spending caps—

23 (A) for all State grant programs subject to
24 direct spending caps, the total amount of funds

1 available for all States shall be reduced by the
2 amount required to be sequestered; or

3 (B) for State grant programs subject to di-
4 rect spending caps, if in the absence of caps
5 States would receive increased funding in the
6 current year compared to the immediately pre-
7 ceding fiscal year, sequestration shall first be
8 applied to the estimated increases before reduc-
9 tions are made compared to actual payments to
10 States in the previous year—

11 (i) the reductions shall be applied first
12 to the total estimated increases for all
13 States; then

14 (ii) the uniform reduction shall be
15 made from each State's grant; and

16 (iii) the uniform reduction shall apply
17 to the base funding levels available to
18 States in the immediately preceding fiscal
19 year only to the extent necessary to elimi-
20 nate any remaining excess over the direct
21 spending cap(s).

22 (d) WITHIN SESSION SEQUESTER.—If a bill or reso-
23 lution providing direct spending for a fiscal year in
24 progress is enacted before July 1 of that fiscal year and
25 causes a breach within a direct spending cap or caps for

1 that fiscal year, 15 days later there shall be a sequestra-
 2 tion to eliminate that breach within that cap or caps fol-
 3 lowing the procedures set forth in subsection (a).

1 **SEC. 205. SPECIAL RULES.**

2 (a) CHILD SUPPORT ENFORCEMENT PROGRAM.—

3 Any sequestration order shall accomplish the full amount
 4 of any required reduction in payments under sections 455
 5 and 458 of the Social Security Act by reducing the Fed-

 7 the program, as specified (for the fiscal year involved) in

11 (1) EFFECTIVE DATE.—For the Commodity

 14 each crop of a commodity. In general, the sequestra-

 16 crop of a commodity for which 1-year contracts are
 17 issued as an entitlement, the sequestration order
 18 shall take effect with the start of the sign-up period
 19 for that crop that begins after the sequestration
 20 order is issued. Payments for each contract in such
 21 a crop shall be reduced under the same terms and
 22 conditions.

23 (2) DAIRY PROGRAM—

24 (A) As the sole means of achieving any re-

11 exceed the aggregate amount of the reduction
12 in outlays under the milk price-support pro-

15 milk or the products of milk under this sub-
16 section during that fiscal year.

17 (3) EFFECT OF DELAY.—For purposes of sub-
18 section (b)(1), the sequestrable base for Commodity

 22 be reduced for such week as a result of such order.

23 (2) A reduction by a State in accordance with

19 that year.

20 (g) FEDERAL PAY.—

21 (1) IN GENERAL.—New budget authority to pay
22 Federal personnel from direct spending accounts
23 shall be reduced by the uniform percentage cal-

7 (A) IN GENERAL.—Except as provided in
8 subparagraph (B), if a reduction is made in
9 payment amounts pursuant to sequestration
10 order, the reduction shall be applied to payment
11 for services furnished after the effective date of
12 the order. For purposes of the previous sen-
13 tence, in the case of inpatient services furnished
14 for an individual, the services shall be consid-

19 ment for services of a provides of services is
20 made under title XVIII of the Social Security
21 Act on a basis relating to the reasonable cost
22 incurred for the services during a cost reporting
23 period of the provider, if a reduction is made in
24 payment amounts pursuant to a sequestration
25 order, the reduction shall be applied to payment

for costs for such services incurred at any time during each cost reporting period of the provider any part of which occurs after the effective date of order, but only (for each such cost reporting period) in the same proportion as the fraction of the cost reporting period that occurs after the effective date of the order.

(2) NO INCREASE IN BENEFICIARY CHARGES IN ASSIGNMENT-RELATED CASES.—If a reduction in payment amounts is made pursuant to a sequestration order for services for which payment under part B of title XVIII of the Social Security Act is made on the basis of an assignment described in section 1842(b)(3)(B)(ii), in accordance with section 1842(b)(6)(B), or under the procedure described in section 1870(f)(1) of such Act, the person furnishing the services shall be considered to have accepted payment of the reasonable charge for the services, less any reduction in payment amount made pursuant to a sequestration order, as payment in full.

(3) PART B PREMIUMS.—In computing the amount and method of sequestration from part B of title XVIII of the Social Security Act—

(A) the amount of sequestration shall be calculated by multiplying the total amount by

1 which Medicare spending exceeds the appro-

 4 to total Medicare spending; and

5 (B) sequestration in the part B program
 6 shall be accomplished by increasing premiums
 7 to beneficiaries.

8 (4) NO EFFECT ON COMPUTATION OF AAPCC.—

9 In computing the adjusted average per capita cost
 10 for purposes of section 1876(a)(4) of the Social Se-

 16 the Postal Service fund shall be accomplished by annual
 17 payments from that fund to the General Fund of the

 20 during the first fiscal year to which the sequestration
 21 order applies and each succeeding fiscal year. The amount
 22 of each annual payment shall be—

23 (1) the uniform sequestration percentage, times

24 (2) the estimated gross obligations of the Postal

25 Service fund in that year other than those obliga-

1 tions financed with an appropriation for revenue for-
2 gone that year.

3 Any such payment for a fiscal year shall be made as soon
4 as possible during the fiscal year, except that it may be
5 made in installments within that year if the payment
6 schedule is approved by the Secretary of the Treasury.
7 Within 30 days after the sequestration order is issued, the
8 Postmaster General shall submit to the Postal Rate Com-
9 mission a plan for financing the annual payment for that
10 fiscal year and publish that plan in the Federal Register.
11 The plan may assume efficiencies in the operation of the
12 Postal Service, reductions in capital expenditures, in-
13 creases in the prices of services, or any combination, but
14 may not assume a lower fund surplus or higher fund defi-
15 cit and must follow the requirements of existing law gov-
16 erning the Postal Service in all other respects. Within 30
17 days of the receipt of that plan, the Postal Rate Commis-
18 sion shall approve the plan or modify it in the manner
19 that modifications are allowed under current law. If the
20 Postal Rate Commission does not respond to the plan
21 within 30 days, the plan submitted by the Postmaster

3 power marketing administration funds or the Tennessee
4 Valley Authority fund shall be accomplished by annual
5 payments from those funds to the General Fund of the
6 Treasury, and the administrators of those funds shall have
7 the duty to make those payments during the fiscal year
8 to which the sequestration order applies and each succeed-
9 ing fiscal year. The amount of each payment by a fund
10 shall be—

12 percentage, times

13 (2) the estimated gross obligations of the fund
14 in that year other than those obligations financed
15 from discretionary appropriations for that year.

16 Any such payment for a fiscal year shall be made as soon
17 as possible during the fiscal year, except that it may be
18 made in installments within that year if the payment
19 schedule is approved by the Secretary of the Treasury. An-
20 nual payments by a fund may be financed by reductions
21 in costs required to produce the pre-sequester amount of
22 power (but those reductions shall not include reductions
23 in the amount of power supplied by the fund), by reduc-
24 tions in capital expenditures, by increases in tax rates, or
25 by any combination, but may not be financed by a lower

1 fund surplus, a higher fund deficit, additional borrowing,
2 delay in repayment of principal on outstanding debt and
3 must follow the requirements of existing law governing the
4 fund in all other respects. The administrator of a fund
5 or the TVA Board is authorized to take the actions speci-

 8 year and the relevant outyears based on current enacted
 9 laws as of the date of the projection.

10 (b) REVISIONS TO THE BASELINE.—The baseline

 15 year Reviews. For Discretionary spending items, the base-
 16 line shall be the spending caps in effect pursuant to sec-
 17 tion 601(a)(2) of the Congressional Budget Act of 1974
 18 as amended. For years in which there are no caps, the
 19 baseline for discretionary spending shall be the same as
 20 in the last year for which there were statutory caps. For
 21 all other expenditures, and for revenues, the baseline shall
 22 be adjusted by comparing unemployment, inflation, inter-
 23 est rates, growth and other economic indicators—and
 24 changes ineligible population—for the most recent period
 25 for which actual data are available, compared to the as-

1 sumptions contained in section 104 of this Act. The budg-
2 et baseline shall provide the basis for scorekeeping proce-
3 dures pursuant to title II of this Act.
